TRAILER AND DINGHY GUIDELINES

Dear Bowleys Members:

If you have a trailer or dinghy within the marina boundaries, please review the below items.

Complete and submit the back of this sheet to the office.

TRAILER BOAT OWNERS:

ALL trailers will be issued a sticker. **Please call or visit the office prior to bringing the trailer on-site.** A dry-sail contract will be completed and a sticker will be issued. All trailers entering the property must have stickers, even if not stored on the property.

The fee structure has changed this year. All trailer boats/jetskis will be measured to determine the LOA. The charges for trailer usage will be charged on a per foot basis using the LOA measurement. The Summer season will be May 1st to Sept. 30th with a fee of \$15 / ft / season. The Winter trailer storage season will be Oct. 1st to April 30th with a fee of \$15 / ft / season.

Any empty trailer which is being stored for the summer season will be charged a flat rate of \$150. If the trailer is in "storage", it will not be accessible between May 1st and Sept. 30th. If you need to access a trailer in "storage", please give the office one week notice.

DINGHY OWNERS:

ALL dinghies within the Marina boundaries must be registered with the office and will be issued a sticker. All dinghies (being stored on small-craft rack) will be issued a sticker and an annual fee of \$75.00 will be assessed. Please advise the office immediately if you intend to rent a dinghy rack. Lowering the fee to \$75 will hopefully make it possible for more members to take advantage of the rack. **All dinghy stickers are to be paid by March 15th.**

There have been issues with unclaimed dinghies and dinghies being abandoned when damaged. This is the reason that all dinghies will be registered and have a sticker for identification purposes. Only dinghies stored in the rack will be charged the \$75 fee.

Some of you may not be aware that the marina provides a very nice dinghy cart to assist in moving the dinghies to the ramp.
